Fluent in Five Questions and Answers

Year 1

Week 2

Year 1 - Week 2

This week in a nutshell:

Welcome to the second week of Fluent in Five in Year 1.

As children are at the start of their Fluent in Five journey, this week's questions focus on number skills that should have been secured as part of their EYFS experience. For the first time in Year 1 Fluent in Five, children will meet the concept of halving at an EYFS level.

It is suggested that the following manipulatives are available for children to freely select from this week:-

- Number shapes
- Tens frames and counters
- Bead strings
- 0-20 number lines
